

K-Love is a wonderful, encouraging, inspirational station that I listen to every single day. If I'm in the car, it's on. If I'm at the house, it's playing on my radio whether quietly or loud. If K-Love were taken away, the community that I am in would have NO decent Christian radio station and that would be very sad. I know so many people who listen to this station. My husband also listens to it while commuting back and to to work and while he's in his work vehicle that he uses a lot.
